

SRA Risk, Policy and Law Specialty Group Goals Statement

1. Promote and foster risk, policy and law education and awareness through various educational channels and venues.
2. Enhance cross-disciplinary collaboration among other SRA Specialty Groups and external stakeholders to promote growth of ideas and address pertinent risk issues from various angles.
3. Encourage participation in learning about legal risks and considering risks from product inception to full deployment. For instance, with regard to legal risks stemming from emerging technologies, from the point of development, applications and implications, to governance models.
4. Suggest and implement methods to increase and streamline SRA Headquarters, Risk, Policy and Law Specialty Group and member communications.
5. Develop collaboration strategies to enhance Risk, Policy and Law Specialty Group impacts through continuing education applications and events.
6. Help foster the concept of a young professionals group with appropriate mentorship.
7. Stimulate Risk, Policy and Law Specialty Group website updates.
8. Recognize members making efforts to grow and strengthen member participation via special projects or other opportunities for expansion.
